Nackawic-Millville Rural Community
By-Law No. 101-2026
A By-Law to Amend the Prince William Local Service District Rural Plan Regulation – Community Planning Act (13-PRW-028-00)

Pursuant to section 117 of the *Community Planning Act*, the Council of the Nackawic-Millville Rural Community enacts the following amendments to *the Prince William Local Service District Rural Plan Regulation – Community Planning Act (13-PRW-028-00)*.

1. The following addition of subsection (j) to Part B – Policies and Proposals:

(j) Climate Change

Policy

It is a policy to encourage infill development to promote compact residential development.

Proposal

It is proposed that churches and other institutional uses, such as assembly halls, be adaptively reused in a way that supports the community through the provision of housing, services, and/or contributes to the economic development of the municipality and is in keeping with the overall intention of the Rural Plan.

It is proposed to consider and mitigate climate change impacts when undertaking development decisions.

2. The following amendment of subsection 4.1(1):

4.1(1) In an "R" Zone, any land, building, or structure may be used for no other purpose than:

(a) one or more of the following main uses,

(i) a single-family dwelling;
(ii) a two-family dwelling;
(iii) a three-family dwelling;
(iv) a multiple-family dwelling up to four units;
(v) a day care home;
(vi) a day care centre, subject to terms and conditions as may be imposed by the Commission;
(vii) an outdoor recreational facility, subject to terms and conditions as may be imposed by the Commission; and

(b) one or more of the following secondary uses,

(i) a garden suite, subject to section 3.1;
(ii) a home-based business, subject to section 3.2; and
(iii) a garage suite, subject to section 3.1
(iv) a secondary suite, subject to section 3.17;

(c) any accessory building, structure, or use incidental to the main use of the land building, or structure if such main use is permitted by this section.

This By-Law shall come into effect and be binding on all persons as of and from the date filed at the Registry Office.

Analysis Demonstrating Compliance to the Statement of Public Interest Regulation

SETTLEMENT PATTERNS	
☒	**SP.1** Promote efficient development and land use patterns that are in the best interests of the Province, local governments and residents of the Province in the long-term.
The document meets this SPI because: This will provide gentle density and infill opportunities in existing residential areas.	
☒	**SP.2** Promote a range of housing options such as size, type, density and design throughout communities.
The document meets this SPI because: This will add an option for up to four units as of right in areas that historically have only provided low density single unit residences.	
☒	**SP.3** Support the provision of a range of affordable housing options throughout communities.
The document meets this SPI because: This will provide an option for higher density housing which could be owned or rented more affordably with more compact servicing.	
☒	**SP.4** Avoid development and land use patterns that may cause environmental or health and safety issues.
The document meets this SPI because: This higher density is a change to zones that already permit housing development and will maintain the requirements to meet all other standards of the plan.	
☐	**SP.5** With respect to development that occurs in a community with existing or planned public infrastructure and services, promote development in locations where the public infrastructure and services are or are planned to be available.
The document meets this SPI because: N/A	
☒	**SP.6** With respect to development that occurs in a community with no existing or planned public infrastructure or services, promote development in locations with previously constructed and actively maintained roads.
The document meets this SPI because: This is a change to zones that already allow housing.	

☐	**SP.7** Promote a range of transportation options, including public, regional and active transportation.
The document meets this SPI because: N/A	
☐	**SP.8** Promote the use of green infrastructure, including climate resilient lands.
The document meets this SPI because: N/A	
☐	**SP.9** Promote development in downtown areas and urban cores through increased density, infill and brownfield development.
The document meets this SPI because: N/A	

AGRICULTURE	
☐	**AA.1** Identify prime agricultural areas and prioritize them for agricultural uses and other compatible uses.
The document meets this SPI because: N/A	
☐	**AA.2** Identify current and future areas for fishery use and aquaculture use and prioritize them for those uses and other compatible uses.
The document meets this SPI because: N/A	
☐	**AA.3** Consider set-backs, including reciprocal setbacks if appropriate, between areas with an agricultural use, fishery use or aquaculture use and areas used for incompatible purposes.
The document meets this SPI because: N/A	

CLIMATE CHANGE	
☒	**CC.1** Promote energy conservation and efficiency, improved air quality, climate change mitigation and climate change adaptation through development and land use patterns.
The document meets this SPI because: New policy and proposal promote compact development and adaptive reuse to create more infill opportunities.	
☐	**CC.2** Consider how the siting and design of infrastructure can improve air quality and energy conservation and efficiency, minimize the health and public safety impacts of climate change and increase climate resiliency.
The document meets this SPI because: N/A	

FLOOD AND NATURAL HAZARD AREAS	
☐	**FH.1** Identify flood and natural hazard areas using provincial flood hazard mapping, provincial erosion mapping and other resources.
The document meets this SPI because: N/A	
☐	**FH.2** Promote land use and development in areas other than flood and natural hazard areas.
The document meets this SPI because: N/A	
☐	**FH.3** Promote land use and development that are not expected to increase the impacts on safety and costs associated with flooding and natural hazards.
The document meets this SPI because: N/A	
☐	**FH.4** Promote land use and development that incorporate mitigation measures with respect to flooding and natural hazards or that are appropriate for areas subject to natural hazards.
The document meets this SPI because: N/A	

NATURAL RESOURCE DEVELOPMENT	
☐	**NR.1** Identify natural resource development areas and environmentally sensitive areas.
The document meets this SPI because: N/A	
☐	**NR.2** Prioritize natural resource development areas for natural resource extraction and development.
The document meets this SPI because: N/A	
☐	**NR.3** Prioritize environmentally sensitive areas for conservation and protection.
The document meets this SPI because: N/A.	
☐	**NR.4** Consider set-backs, including reciprocal setbacks if appropriate, between natural resource development areas or environmentally sensitive areas and areas used for incompatible purposes.
